

GOUTHAM REDDY KONDREDDY

KADAPA, ANDHRA PRADESH, 516355, India

Mob.: +91-6281272846

Email.: goutham64840@gmail.com

AI Research Intern
Blubridge Technologies
, Chennai

Links

LinkedIn: // [gautam's linkedin profile](#)

Skills

Languages

C++, CUDA, Python, C

Frameworks

Pytorch, tensorflow

Building Expertise-in

Deep-learning, Machine-Learning

Research - work

- Deep-learning Framework
- Tensor Ops library
- Auto-grad Computational - graph capturing
- Deep-learning compiler
- GPU - PROGRAMMING(CUDA)
- CPU AND GPU Parallelism
- LLM - development

Education

2021-2025

B.Tech. in CSE

SRI VENKATESWARA
UNIVERSITY
CGPA : 8.02/10

2019-2021

Intermediate

MANGAL
VIDYALAYAM, PETAMITTA
CBSE Percentage: 96.2%
JEE MAINS-96 PERCENTILE
JEE ADVANCED
EAMCET-1132 RANK

High School

VIJETHA HIGH SCHOOL
Percentage: 10/10 CGPA

Experience and Certifications

BluBridge Technologies

2025

AI - Research Intern / LLM - Developer

CEERAS IT SOLUTIONS

2024

Small Scale Student Autonomous Startup Student Co-Founder .

LEADERSHIP AND EXTRACURRICULAR ACTIVITIES

- **Placement Coordinator** , Served as **Class Representative for 2 semesters** , Chief Operating Officer (COO), Ignite Club.

Projects

Deep-learning framework

- Working on building a deep-learning framework , right from the first principles
- Building an expertise in this pragmatic, mathematics-driven science in this rare research environment focused solely on foundation model development. and Large Language Models
- Currently working on building Tensor Ops library considering the design philosophies of state-of-art deeplearning frameworks (pytorch/Tensorflow) and other libraries like numpy.
- Core Tech: C++, CUDA (GPU Programming)

Parallel - work

- Started building expertise in Mathematics for Machine Learning , Deep-learning apart from my 13-hour work routine in Research-Lab
- In parallel , working on cpu-parallelism (thread-level, data-level), GPU-programming

Interests

- willing to work on Vision Audio Models, NLP, Multi-Modal LLM's
